

# Light And Less by Jun Rung Wu Wins Bronze in A' Interior Design Awards

*Innovative Office Design by Jun Rung Wu  
Recognized for Excellence in Interior  
Space and Exhibition Design Category*

COMO, CO, ITALY, September 24, 2024 /EINPresswire.com/ -- The A' [Design Award](#), one of the world's most prestigious and highly respected design competitions, has announced that Light And Less by [Jun Rung Wu](#) has been awarded the Bronze A' Design Award in the [Interior Space and Exhibition Design](#) category. This recognition highlights the significance of the Light And Less design within the interior design industry, positioning it as a notable example of innovation and excellence.

The Light And Less office design showcases the importance of creating functional and aesthetically pleasing workspaces that prioritize employee well-being and productivity. By incorporating natural elements, optimizing lighting, and maximizing flexibility, this design aligns with current trends in the interior design industry that focus on creating healthy, adaptable, and inspiring work environments. The practical benefits of Light And Less extend to both the users of the space and the industry as a whole, demonstrating the potential for innovative design to positively impact the way we work.

Light And Less stands out for its unique approach to office design, featuring three large curves that define the layout and create an open, flowing space. The incorporation of a central patio brings natural light and greenery into the office, fostering a comfortable and vibrant atmosphere. The design's emphasis on flexibility allows for various activities, from focused work to meditation and events, while maintaining a cohesive and aesthetically pleasing environment through the use of neutral colors, wood elements, and gradient color blocks.

#### About Jun Rung Wu

Jun Rung Wu is a Taiwanese design firm committed to creating spaces that prioritize people and their well-being. Inspired by the philosophy of renowned architect Louis I Kahn, Jun Rung Wu aims to convey the variability and timeliness of life through their designs. While their style is difficult to categorize, it often incorporates elements of Japandi, resulting in pure, tranquil, and naturally comfortable spaces that harmonize simplicity and delicacy.

#### About Bronze A' Design Award

The Bronze A' Design Award recognizes designs that demonstrate a high level of creativity, practicality, and potential to positively influence industry standards. Winning designs are acknowledged for their professional execution, innovative use of materials and technology, and ability to enhance people's lives and well-being. The Bronze A' Design Award is bestowed upon designs that excel in the following criteria: Innovative Use of Space, Material Selection Excellence, Functional Layout Design, Color Scheme Mastery, Lighting Design Proficiency, Sustainable Design Practice, Cultural Relevance, Aesthetic Appeal, Ergonomic Consideration, Design Consistency, Attention to Detail, Budget Management, Client Satisfaction, Design Longevity, Accessibility Standards Compliance, Incorporation of Technology, Space Optimization, Project Management Skills, Safety Considerations, and Adaptability of Design.

#### About A' Design Award

The A' Design Award is an international, juried design competition that has been recognizing and promoting superior products and projects since 2008. With a mission to make the world a better place through the power of good design, the A' Design Award motivates designers and brands to develop innovative solutions that positively impact society. Entries are blind peer-reviewed and evaluated based on pre-established criteria by an influential panel of design professionals, industry experts, journalists, and academics. The competition welcomes submissions from all industries and countries, providing a global platform for creative minds to showcase their achievements and inspire others. Interested parties may learn more about the A' Design Awards, explore jury members, view past laureates, and participate with their projects at
