

U2opia Mobile Goes Live With Upskill-Hub For MTC Namibia

U2opia Mobile and MTC Namibia launched Upskill-Hub, an e-learning platform designed to enhance career development for MTC subscribers.

NEW DELHI, INDIA, September 24, 2024 /EINPresswire.com/ -- • Combining extensive knowledge and practical skills into one holistic platform, U2opia's e-learning product 'World Learn Easy' delivers a transformative learning experience for individuals seeking to advance their careers and personal development.

- Branded as Upskill -Hub this platform aims to provide accessible and affordable learning opportunities for Namibians

[U2opia Mobile](#) in collaboration with MTC [Namibia](#) has launched a comprehensive e-learning platform by the name of Upskill-hub, crafted carefully to meet all learning and development needs through online courses. Upskill-hub, developed by U2opia Mobile, is designed to upskill students and young professionals by providing accessible and affordable learning opportunities to over 5 million MTC subscribers.

“

Upskill Hub bridges the skills gap for Namibian youth.”

Carlos A Manuel, Project Manager of MTC Namibia

According to a report by Statista, the online education market is expected to reach \$185.20 billion by 2024.

Upskill-hub is the answer to the versatile e-learning solutions that today's learners seek. Offering an all-inclusive library of over 17 courses and 350+ videos, the platform distinguishes itself by providing clear, easy-to-understand content designed to bridge critical skills gaps across various industries. Each course is meticulously curated to ensure practical, real-world learning that can be immediately applied in professional settings.

One of the standout features of this platform is its certification process. Upon successfully completing a course, learners are awarded a certificate that not only validates their newly acquired skills but can also be shared online to enhance their professional profiles. This feature makes it easier for users to showcase their competencies to potential employers, adding value to their career development.

Upskill-hub by U2opia Mobile offers an extensive array of courses aimed to enhance professional skills and expertise. From IELTS preparation and spoken English to technical skills like Microsoft Excel, Microsoft Access, website designing and digital marketing, the platform covers essential areas for career advancement. It also offers specialized courses in Python programming, Tableau and Adobe Photoshop, ensuring learners have access to the tools they need to excel in today's digital era. With its user-friendly interface and extensive course offerings, it is a valuable resource for anyone looking to advance their career and achieve their professional goals.

Carlos A Manuel, Project Manager of MTC Namibia shared his excitement about the partnership, stating, "[Upskill Hub](#) bridges the skills gap for Namibian youth. This affordable program empowers them with the knowledge and confidence to secure meaningful employment and build brighter futures. All they need is to make sure they have TRV of N\$35.00."

Meghna Gupta, AVP at U2opia Mobile, emphasized the strategic significance of this partnership, stating, "Upskill-Hub is transforming education by providing a wide array of accessible and affordable courses in multiple languages. The platform equips learners with essential skills and awards certificates upon completion to enhance their professional profiles. It empowers MTC Subscribers by providing accessible, affordable and impactful learning experiences, giving them the skills to succeed in this competitive world."

Upskill-hub is the ultimate e-learning solution for all as it is:

1. Available anytime and anywhere at the learners convenience.
2. Offered in the two most widely spoken languages: English and French.
3. Easily accessible for students as requires no payment cards.
4. Course combos are available to make learning affordable starting from as low as NAD 3 per day.
5. Accessible on various devices, from desktops to smartphones easily by going to <http://upskill-hub.mtc.com.na> or dial *642#
