Who Are the Leading Competitors in the Network Attached Storage Market Share?
Key players in the market include Dell Technologies Inc., Western Digital Corporation, Synology Inc., QNAP Systems Inc., NetApp Inc., Hewlett Packard Enterprise Company, Hitachi Ltd., Seagate Technology Holdings Public Limited Company, NETGEAR Inc., Buffalo Americas Inc., ASUSTeK Computer Inc., International Business Machines Corporation (IBM), Huawei Technologies Co. Ltd., Drobo Inc., Cisco Systems Inc., Zyxel Communications Corporation, D-Link Corporation, Nasuni Corporation, SoftNAS Inc., Panasas Inc., Infortrend Technology Inc., Thecus Technology Corp., Promise Technology Inc., LenovoEMC, Open-E Inc., Syneto S.R.L., Overland Storage Inc., Nexsan Corporation., Super Micro Computer Inc., Oracle Corporation, NEC Corporation, Fujitsu Limited .

Which Key Trends Are Driving Network Attached Storage Market Growth?
Major companies operating in the network-attached storage market are focusing development of powerful components, such as dual-port expansion cards, to sustain their position in the market. A dual-port expansion card refers to a hardware component that can be added to a computer system to provide additional functionality or connectivity.

How Is The Global Network Attached Storage Market Segmented?
1) By Product Type: High-End Or Enterprise, Midmarket, Low-End
2) By Storage Solution: Scale-Out, Scale-Up, Other Solutions
3) By Deployment Model: On-Premise, Cloud, Hybrid
4) By Application: Home Or Consumer, Business
5) By End User: BFSI, Healthcare, Retail And E-Commerce, IT And Telecom, Automotive, Other End-Users

Geographical Insights: North America Leading The Network Attached Storage Market
North America was the largest region in the market in 2023. The regions covered in the market report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, Africa.

Network Attached Storage Market Definition
Network-attached storage refers to a file storage device connected to a network and allows retrieval and storage of data for authorized multiple network users in a central location. Network-attached storage supports business analytics, data logging, and accounting databases.

Network Attached Storage Global Market Report 2024 from TBRC covers the following information:
•Market size data for the forecast period: Historical and Future
•Macroeconomic factors affecting the market in the short and long run
•Analysis of the macro and micro economic factors that have affected the market in the past five years
•Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
•Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

An overview of the global network attached storage market report covering trends, opportunities, strategies, and more
The Network Attached Storage Global Market Report 2024 by The Business Research Company is the most comprehensive report that provides insights on network attached storage market size, network attached storage market drivers and trends, network attached storage market major players and network attached storage market growth across geographies. This report helps you gain in-depth insights into opportunities and strategies. Companies can leverage the data in the report and tap into segments with the highest growth potential.
