

Trade Mastermind Unites UK Trade Sectors for First-Ever Academy Awards Event

Trade Mastermind celebrates top trade businesses at first awards event, recognising excellence across Plumbing & Heating, Renewables, and Construction sectors.

PETERBOROUGH, UNITED KINGDOM, September 24, 2024 / EINPresswire.com/ -- Trade Mastermind hosted its inaugural Awards and Graduation Dinner at the Holiday Inn West, Peterborough, uniting participants from [all three of its academies](#)—Heating & Boiler Installation, Renewables, and Construction—for the first time. The event recognised the achievements of 13 outstanding businesses who received their graduation certificates in front of an audience of over 80 companies from across the UK.

Hosted by [Joseph Valente](#), CEO and Founder of Trade Mastermind and winner of BBC's The Apprentice, the evening highlighted the organisation's commitment to empowering trade professionals to scale their businesses. In his keynote address, Valente emphasised the importance of mastering business skills to grow from sole trader to successful entrepreneur, stating, "With the right guidance, energy, and hard work, you can transform your trade into a thriving business that offers both financial freedom and long-term stability."

It's absolutely paramount that UK construction business owners know how to run a business and learn the process by which the businesses can grow and expand."

Joseph Valente, CEO

"With enough energy, ambition and hard work, as well as mentoring from Trade Mastermind, you can go from a one-

man band and just having a job, to becoming a highly successful entrepreneur, employing your own staff and building a sustainable and profitable business.”

The event marks the beginning of a new tradition, with quarterly awards ceremonies planned to celebrate the ongoing successes of Trade Mastermind’s academy participants. The next event is scheduled for December, where more trade professionals will be recognised for their business growth and commitment to excellence.

Trade Mastermind aims to build a comprehensive support ecosystem for construction companies seeking to scale, with a focus on providing industry-specific mentoring and training through its specialised academies.
