Houston Managed IT Services

AVATAR Managed Services offers a diverse range of managed IT services, including the AVATAR Advantage suite, co-managed solutions, cybersecurity risk assessments, compliance support, IT consulting, project management, communications, and human capital management. As trusted cybersecurity solution providers, AVATAR is committed to addressing the pressing challenges that businesses face today.

Jason Wright, CEO of AVATAR Managed Services, describes the company's approach as "layers of concentric security," designed to mitigate

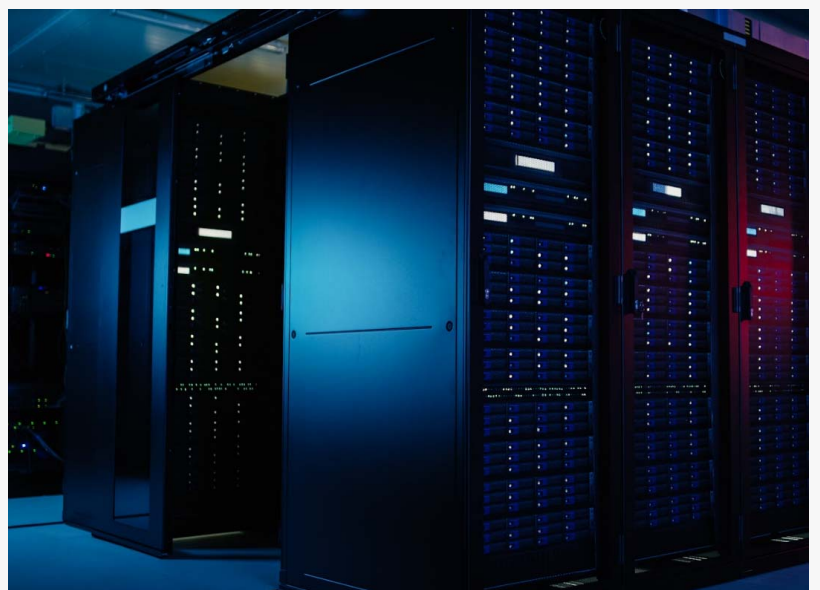

operational risks in an inherently volatile IT environment. "We're focused on transformative change—doing more with our processes and achieving greater efficiency through automation," he states.

To kick off a partnership, AVATAR provides a complimentary IT assessment to establish a baseline for current IT operations. This assessment allows quantitative measurements to be tracked over time, demonstrating improvements and changes. Understanding the specific metrics and core competencies that matter most to each client is critical, enabling AVATAR to develop tailored plans that support secure business growth.

With regular assessments, external testing, and proactive management of IT infrastructure, AVATAR Managed Services is dedicated to preventing disruptions and safeguarding organizations' futures. In a landscape where cyber breaches can jeopardize not only client data but also a company's reputation, AVATAR is committed to ensuring that cybersecurity receives the priority it deserves.
