

# Foamex Printing Setting New Benchmarks In Visual Communication With Their Eco-friendly Printing Solutions

*Ravi Patel, founder of UK's Foamex Printing, highlights their innovative services, core beliefs, and contributions to enhancing the printing industry.*

LONDON, ENGLAND, UNITED KINGDOM, September 25, 2024 /EINPresswire.com/ -- According to a recent study, 85% of consumers remember the brands with the quality of their marketing materials. This Solemnly asserts the significance of print marketing. In a world where visual communication is paramount, Foamex Printing stands tall at the forefront of innovation and quality, but not at the cost of the environment.

They are one of the few brands out there that cares about the environment, with their policy minimising the environmental impact

of the print production. They consistently monitor their production and find new ways to make their procedure more and more sustainable and eco-friendly.

Unlike the norm in this industry, they implement green practices to reduce energy consumption and avoid harmful chemical use. They are a leading brand in the printing industry and proudly serve their comprehensive and bespoke printing services while taking their responsibility towards the environment seriously.

Again, the world has seen environmentally conscious brands struggling to ensure profitability and quality. Still, it finds the right balance where they responsibly source their product like ink cartridges, digital toner and paper without compromising the quality or price. This balance is

Quality Meets sustainability at Foamex Printing  
Where Your Vision Comes to Life

what makes them stand out. Also, they enforce a strict recycling policy to reduce waste as much as possible.

Located in the heart of the UK, London, their printing service team, under visionary leadership, has been offering its unique approach to producing versatile visual printing products, and eco-friendly [Foamex sheets](#), setting new quality benchmarks in the industry.

Meet The Man Behind The Success of Foamex Printing: Ravi Patel

“ I have always been passionate about design technology. Foamex Printing is a result when I met a bunch of people like me sharing the same passion and are ready to take the leap towards building a world-class, profitable printing brand without harming the environment in the way. It was an uphill battle, but we’re adamant about making it happen. And today, we are proud to say we’ve arrived, but we aspire to do more.”

“

We have been integrating our cost-effectiveness with high-quality, cutting-edge technology and customised signboards for businesses and individuals in London”

*Ravi Patel*

Ravi Patel is a visionary entrepreneur seeking out his vision to build an eco-friendly, tech-savvy one-stop-shop printing solution brand. When his special knowledge in printing technology and visual communication meets the gap of a sustainable printing brand, Foamex Printing emerges from his genius. His commitment to customer satisfaction while making exceptional quality and innovative printing products that a business can simply rely on is uncanny.

Under his guidance, the printing company has been setting new standards, crossing its milestones, and becoming one of the best companies in its niche. The [Foamex board printing](#) uses the latest technology in large flatbed printers. Handled by experts with years of knowledge, the printers use the UV printing method.

Ravi has decided to leverage next-gen green technology to further advance the printing quality. Hence, see the company uses CMYK format, and UV inks are cured by UV light to add an edge

and premium touch to HD quality, ensuring instant drying of the print and reducing the turnaround time.

## Foamex Printing Emerging As a One-Stop-Shop Eco-friendly Printing Solution

With his vision, the [hoarding construction](#) brand can build a portfolio of game-changer services benefiting business, which include:

**Uncompromising Quality Every Time:** With customer satisfaction as its priority, the brand aims to set high standards with high-quality, eco-friendly, and value-for-money custom products.
