

# Condemnation of Inflammatory Statements Regarding Haitians

*The Georgia Haitian Leadership Coalition strongly condemns the recent statements made by former President Donald Trump and VP nominee JD Vance*

ATLANTA, GA, UNITED STATES,  
September 25, 2024 /

EINPresswire.com/ -- The Georgia Haitian Leadership Coalition strongly condemns the recent derogatory statements made by former President Donald Trump and VP nominee JD Vance, specifically their offensive and unfounded remarks alleging that Haitians consume cats and dogs. Such comments are not only factually incorrect, but also perpetuate harmful stereotypes that contribute to divisiveness within our communities. This is not the first time former President Trump has made derogatory statements about Haitians.

Haiti, a nation steeped in culture, history, and resilience, has long been a symbol of strength despite the challenges of natural disasters and political instability. The Haitian people have consistently shown their ability to persevere and thrive. Reducing the identity of such a remarkable group to baseless and dehumanizing claims disrespects not only Haitians, but undermines the dignity of an entire nation.

“

These harmful stereotypes undermine the resilience and dignity of the Haitian people. We stand united against ignorance and demand respect for all communities.”

– Dr. JB Beaufigs, Chairperson,  
Georgia Haitian Leadership  
Coalition

We believe public figures hold a responsibility to foster unity, understanding, and compassion. The inflammatory remarks from former President Trump and Senator JD Vance serve only to incite prejudice and discrimination against Haitians. In a time where our nation should be striving for unity, such rhetoric is divisive and

unacceptable.

“As leaders in the Haitian community, it is our duty to stand against harmful rhetoric that dehumanizes and misrepresents our people. Haitians are a resilient, proud, and dignified community, and we will not allow unfounded and inflammatory comments to define us. We call on all leaders to foster understanding and respect, and to uplift, rather than degrade, the diverse fabric of our society.” – Dr. JB Beaufile, Chairperson, Georgia Haitian Leadership Coalition

We call upon leaders from all political affiliations to engage in constructive, respectful dialogue that uplifts all individuals, regardless of their background. Now, more than ever, it is essential to stand against racism, xenophobia, and intolerance in all its forms.

The Georgia Haitian Leadership Coalition, along with the organizations listed below, stands in unwavering solidarity with the Haitian community across the United States and around the world. We urge leaders to choose their words wisely and to create an environment that fosters respect, understanding, and inclusivity.
