

WINTERGREEN ANNOUNCES NEW STARLIGHT SPHERES WITH T5 LED BULBS

Wintergreen, an industry leader in wholesale Christmas lights, proudly announces Wintergreen Lighting® Starlight Spheres with T5 LED bulbs.

ALPHARETTA, GA, UNITED STATES, October 9, 2024 /EINPresswire.com/ -- Wintergreen Corporation, an industry leader in wholesale Christmas lights, has announced the release of [Starlight Spheres](#) with T5 LED bulbs, by Wintergreen Lighting®. These new decorative orbs incorporate long-lasting LED lights designed in a classic T5 style, providing an energy-efficient glow reminiscent of traditional incandescent bulbs. Built for year-round use, the Starlight Spheres are weather-resistant and designed to last through the seasons.

Available in nine colors and three sizes (6, 7.5, and 10 inches), the Starlight Spheres offer versatility for various lighting displays, whether for holiday decorating or adding ambiance to outdoor spaces. Mix-and-match for custom arrangements suited to different occasions and settings.

The energy-efficient LED technology used in Wintergreen Lighting® Starlight Spheres ensures consistent brightness and durability. If one bulb goes out, the others remain lit. Designed for both indoor and outdoor use, the spheres come with a 22 AWG 72" lead wire for easy installation, even in challenging locations like high branches or overhangs. Additionally, they include a heavy-duty hook for convenient setup, and stackable plugs allow for seamless connection in larger displays. The product is UL certified, ensuring safety and high-quality performance.

Wintergreen Lighting® T5 LED Starlight Sphere In Use

Wintergreen Lighting® Starlight Spheres are now available through Wintergreen's wholesale channel. For more information, visit www.wintergreencorp.com.
