

Planet Home Lending Expands Footprint with Susanville, California Location

MERIDEN, CT, UNITED STATES, October 4, 2024 /EINPresswire.com/ -- [Planet Home Lending](#), a leading national mortgage lender, servicer, and asset manager, has expanded its footprint in Susanville, California, with Branch Manager Cheryl Holmes (NMLS ID#229161) and her team, including Mortgage Loan Officers Lindsey Martin (NMLS ID#1519818), Kerri Cobb (NMLS ID#569600), and Loni Reginato (NMLS ID#478517) and Processor Danielle Dinkelo.

The team is licensed in California, Nevada, Idaho and Montana.

Holmes, most recently with Axia Home Loans, combines 25 years of industry experience with a passion for helping first-time home buyers. “We’re seeing a lot of first-time buyers turning to affordable manufactured homes and new construction to achieve homeownership,” she said. “Down payment and closing cost assistance from the California Housing Finance Authority (CALHFA) and Golden State Finance Authority (GSFA) are also very popular in our market.”

Another local market trend she’s seeing is existing homeowners turning to renovation refinancing to make upgrades on their current home instead of buying a move-up home. “They want to keep their existing low-rate mortgage, so they pull cash out with a second mortgage to pay for an addition, or to remodel kitchens and bathrooms.”

“We are thrilled to have Cheryl and her team join the Planet family,” said John Bosley, Planet Home Lending President, Mortgage Lending. “With her expert leadership, extensive experience, superb local reputation for customer excellence, she is a perfect fit here where we know homeownership has the potential to change lives and where we are committed to being a part of the positive change in people’s lives.”

Planet Home Lending[®]
WE’LL GET YOU HOME

Planet Home Lending offers a variety of loan options to assist borrowers, including a refinance program with zero lender fees and a no-cost first appraisal fee for up to one year, allowing borrowers to buy now and refinance later if rates drop.

Buydown options let borrowers reduce their effective interest rate by 2% in the first year and 1% in the second year.

With Planet's wide array of loan products, Holmes is poised to help even more families achieve homeownership, driving growth and strengthening the company's presence in her region.
