

# Carbon Fiber Prepreg Market Size, Share, Revenue, Trends, and Drivers For 2024-2033

*Carbon Fiber Prepreg Global Market Report 2024 – Market Size, Trends, And Forecast 2024-2033*

LONDON, GREATER LONDON, UNITED KINGDOM, September 30, 2024

/EINPresswire.com/ -- The [carbon fiber prepreg market](#) has experienced

robust growth in recent years,

expanding from \$9.53 billion in 2023 to

\$10.5 billion in 2024 at a compound annual growth rate (CAGR) of 10.1%. The growth in the historic period can be attributed to increased demand from aerospace industry, automotive lightweighting trend, sports and leisure applications, wind energy growth, high strength-to-weight ratio.

What Is The Estimated Market Size Of The Global Carbon Fiber Prepreg Market And Its Annual Growth Rate?

The carbon fiber prepreg market is projected to continue its strong growth, reaching \$15.25 billion in 2028 at a compound annual growth rate (CAGR) of 9.8%. The growth in the forecast period can be attributed to increased use in electric vehicles, infrastructure development in emerging

economies, expansion in renewable energy projects, rising aerospace budgets, global focus on sustainable materials.

Growth Driver Of The Carbon Fiber Prepreg Market

The growth in the construction industry is expected to propel the growth of the carbon fiber prepreg market going forward. The construction industry refers to companies that encompass the planning, design, and execution of structures and infrastructure projects, involving the assembly of materials and labor to create buildings, bridges, roads, and other built

Who Are The Leading Competitors In The Carbon Fiber Prepreg Market Share?

Key players in the market include Amsurg, IntegraMed America, Terveystalo, Aspen Healthcare, Medical Facilities Corporation, Fresenius Kabi AG, LVL Medical, DaVita Inc., Sonic Healthcare Limited, Surgery Partners, S, Hospital Corporation Of America (HCA) Holding, Symbion Pty Ltd., HCA Healthcare, Surgical Care Affiliates, Hexcel Corporation, Toray Industries Inc., SGL Carbon SE, Teijin Limited, Mitsubishi Chemical Corporation, Gurit Holding AG, Park Aerospace Corp., Cytec Solvay Group, Axiom Materials Inc., ACP Composites Inc., Barrday Composite Solutions, Prepreg-AC Technology Co. Ltd., Airtech Advanced Materials Group, ELG Carbon Fibre Ltd., PRF Composite Materials.

What Are The Dominant Trends In Carbon Fiber Prepreg Market Growth?

Major companies operating in the carbon fiber prepreg market are focused on developing next-generation materials, such as the carbon fiber epoxy prepreg tooling material, for efficient composite manufacturing. Carbon fiber epoxy prepreg tooling material is a composite material used in manufacturing processes, consisting of carbon fiber reinforcement impregnated with epoxy resin.

How Is The Global Carbon Fiber Prepreg Market Segmented?

- 1) By Type: Thermoset, Thermoplastic
- 2) By Manufacturing Process: Hot Melt, Solvent Dip
- 3) By Resin: Phenolic, Epoxy, Bismaleimide, Polyimide, Cyanate Ester, Polyether Ether Ketone(PEEK), Other Resin
- 4) By End User: Aerospace And Defense, Automotive, Wind Energy, Sports And Recreation, Other End Users

Geographical Insights: Europe Leading The Carbon Fiber Prepreg Market

Europe was the largest region in the market in 2023. The regions covered in the carbon report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, Africa.

Carbon Fiber Prepreg Market Definition

Carbon fiber prepreg is a carbon fiber material that has been resin-impregnated prior to shipping. It is used in several industries, including aerospace and automotive, and is commonly cut with machine tools.

[Carbon Fiber Prepreg Global Market Report 2024](#) from TBRC covers the following information:

- Market size data for the forecast period: Historical and Future
- Macroeconomic factors affecting the market in the short and long run
- Analysis of the macro and micro economic factors that have affected the market in the past five years
- Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

An overview of the global carbon fiber prepreg market report covering trends, opportunities, strategies, and more

The Carbon Fiber Prepreg Global Market Report 2024 by The Business Research Company is the most comprehensive report that provides insights on carbon fiber prepreg market size, carbon fiber prepreg market drivers and trends, carbon fiber prepreg market major players and carbon fiber prepreg market growth across geographies. This report helps you gain in-depth insights into opportunities and strategies. Companies can leverage the data in the report and tap into segments with the highest growth potential.

What Does the Business Research Company Do?

The Business Research Company publishes over 15,000 reports across 27 industries and 60+ geographies. Our research is powered by 1,500,000 datasets, extensive secondary research, and exclusive insights from interviews with industry leaders. We provide continuous and custom research services, offering a range of specialized packages tailored to your needs, including Market Entry Research Package, Competitor Tracking Package, Supplier & Distributor Package, and much more.

Our flagship product, the Global Market Model, is a premier market intelligence platform delivering comprehensive and updated forecasts to support informed decision-making.
