NASHVILLE, TN, UNITED STATES,

EINPresswire.com/ -- Country artist and songwriter [Jillian Cardarelli](#) releases her new single "I'll Get Over You" featuring Vince Gill, [available now on all streaming platforms](#). The single, written by Cardarelli, Patrick Murphy and Tina Parol, was produced by Daniel Dennis.

Known for her thoughtful songwriting and stunning vocals, Cardarelli cleverly weaves a familiar storyline about the difficulty of getting over someone that can feel impossible after a heartbreak.

The single uniquely blends traditional country nostalgia with a tender, contemporary melody, so it's no wonder country legend Vince Gill agreed to lend his vocal stylings to the track. As the lyrics go:

“

It was a true honor to have Vince Gill lend his amazing voice to the song, which makes it that much more special.”

Jillian Cardarelli, Country Artist & Songwriter

"When the sun sets in the East, and goes around the moon,

When the world don't turn, and the summer sky ain't blue,

When the stars don't glow and Hell's ice cold and Dolly's out of tune,

"I'll Get Over You" Cover Art

That's when I'll get over you."

"We've all known that feeling when your heart is hurting and you're trying desperately to get over someone, but there's no end in sight," said Jillian Cardarelli. "We wanted to intertwine the irony and satire of those feelings within the lyrics -- knowing these things will never actually happen and that's how your heart feels when you're going through it. It was a true honor to have Vince lend his amazing voice to the song, which makes it that much more special."

This is Cardarelli's ninth release in 2024 among an exciting year of musical and television projects. Her single "Waiting on the Sunrise" aired on the popular Fox TV series *Farmer Wants a Wife* (March) and she was the celebrity guest host for PBR and Tunnel to Towers Foundation's *Never Forget Concert*, a national television special featuring Jelly Roll. Cardarelli was also a special guest performer for *Elvis Week* at Graceland, as Elvis fans connected with her popular single "If I Could Talk to Elvis" featuring Larry Strickland, Elvis Presley's background vocalist from The Stamps Quartet.

This release is certain to be among her fan favorites like "Thinking and Driving," "If We Were Strangers," "Can't Help Falling in Love With You," "Worth The Whiskey," "Slow Song," and "I Hate Chevys" that all garnered support from Amazon Music, Apple Music, Pandora and Spotify this year.

"I'll Get Over You" is available now anywhere you stream music. The official music video for "I'll Get Over You" will begin airing on CMT next month as well as her Official YouTube Channel on Oct. 2.
