

# Vacuum Interrupter Global Market 2024 To Reach \$3.64 Billion By 2028 At Rate Of 6.3%

*The Business Research Company's  
Vacuum Interrupter Global Market Report  
2024 – Market Size, Trends, And Global  
Forecast 2024-2033*

LANDON, GREATER LONDON, UNITED  
KINGDOM, October 2, 2024

/EINPresswire.com/ -- The [vacuum  
interrupter market](#) has experienced

robust growth in recent years, expanding from \$2.67 billion in 2023 to \$2.85 billion in 2024 at a compound annual growth rate (CAGR) of 6.5%. The growth in the historic period can be attributed to electrification and industrialization, growth in renewable energy projects, increasing demand for energy-efficient devices, modernization of power grids, growth in urbanization and infrastructure.

What Is The Estimated Market Size Of The Global Vacuum Interrupter Market And Its Annual Growth Rate?

The vacuum interrupter market is projected to continue its strong growth, reaching \$3.64 billion in 2028 at a compound annual growth rate (CAGR) of 6.3%. The growth in the forecast period can be attributed to increasing

demand for smart grid solutions, demand for compact and lightweight components, electrification of transportation, investments in energy storage systems, increasing demand for medium voltage applications, evolving grid management solutions, development of next-generation electronics, focus on electromobility infrastructure.

Growth Driver Of The Vacuum Interrupter Market

The growing electric vehicle market is expected to propel the growth of the vacuum interrupter market going forward. An electric vehicle is a type of automobile that is powered by electricity, typically through one or more electric motors, rather than an internal combustion engine that

relies on gasoline or diesel fuel. The vacuum interrupter plays a crucial role in electric vehicles (EVs) by serving as a key component in the charging infrastructure. It provides reliable circuit interruption and protection, ensuring the safe and efficient transfer of electrical power during the charging process.

Which Market Players Are Driving The Vacuum Interrupter Market Growth?

Key players in the market include ABB Ltd., Eaton Corporation PLC, Crompton Greaves Consumer Electricals Limited, Shaanxi Baoguang Vacuum Electric Device Co. Ltd., Meidensha Corporation, Mitsubishi Electric Corporation, Toshiba Corporation, ACTOM (Pty) Ltd., Wuhan Feite Electric Company Limited, Chengdu Xuguang Electronics Co. Ltd., Siemens Aktiengesellschaft, LS ELECTRIC Corp., Shaanxi Joyelectric International Co. Ltd., General Electric Company, Kirloskar Electric Company Limited, Schneider Electric SE, Pennsylvania Breaker LLC, G&W Electric Company, Alstom SA, Maxwell Technologies LLC, Larsen & Toubro Limited, TE Connectivity Ltd., Shanxi Baoguang Vacuum Electric Device Co. Ltd., Zhejiang Xuhong Vacuum Electric Appliance Co. Ltd., Yuguang Group Co. Ltd., Zhenhua Shuangfei Electric Co. Ltd., Zhenhua Xinye Electric Co. Ltd.

What Are the Key Trends That Influence The [Vacuum Interrupter Market Size](#)?

Major companies operating in the vacuum interrupter market are increasing their focus on introducing advanced high-voltage electrical solutions to gain a competitive edge in the market. High-voltage electrical solutions refer to technologies and equipment designed to manage and distribute electrical power at elevated voltage levels.

How Is The Global Vacuum Interrupter Market Segmented?

- 1) By Rated Voltage: 0–15 KV (Kilovolts), 15–30 KV (Kilovolts), Above 30 KV (Kilovolts)
- 2) By Contact Structure: Flat Contact, Spiral Contact, Axial Magnetic Or Field Contact
- 3) By Application: Circuit Breaker, Contactor, Recloser, Load Break Switch, Tap Changer, Other Applications
- 4) By End-User: Utilities, Oil And Gas, Mining, Transportation, Other End-Users

Geographical Insights: Asia-Pacific Leading The Vacuum Interrupter Market

Asia-Pacific was the largest region in the market in 2023. North America is expected to be the fastest-growing region in the forecast period. The regions covered in the report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, Africa.

Vacuum Interrupter Market Definition

Vacuum interrupter refers to the technology used for repetitive switching, motor inrush current interruption, fault protection, overcurrent protection, and short-circuit protection. The vacuum interrupter is a vacuum-tight envelope containing a pair of separable contacts.

Vacuum Interrupter Global Market Report 2024 from TBRC covers the following information:

- Market size data for the forecast period: Historical and Future
- Macroeconomic factors affecting the market in the short and long run
- Analysis of the macro and micro economic factors that have affected the market in the past five years
- Market analysis by region: Asia-Pacific, China, Western Europe, Eastern Europe, North America, USA, South America, Middle East and Africa.
- Market analysis by countries: Australia, Brazil, China, France, Germany, India, Indonesia, Japan, Russia, South Korea, UK, USA.

An overview of the global vacuum interrupter market report covering trends, opportunities, strategies, and more

The Vacuum Interrupter Global Market Report 2024 by The Business Research Company is the most comprehensive report that provides insights on vacuum interrupter market size, vacuum interrupter market drivers and trends, vacuum interrupter market major players and vacuum interrupter market growth across geographies. This market report helps you gain in-depth insights into opportunities and strategies. Companies can leverage the data in the report and tap into segments with the highest growth potential.

What Does The Business Research Company Do?

The Business Research Company publishes over 15,000 reports across 27 industries and 60+ geographies. Our research is powered by 1,500,000 datasets, extensive secondary research, and exclusive insights from interviews with industry leaders. We provide continuous and custom research services, offering a range of specialized packages tailored to your needs, including Market Entry Research Package, Competitor Tracking Package, Supplier & Distributor Package, and much more.

Our flagship product, the Global Market Model, is a premier market intelligence platform delivering comprehensive and updated forecasts to support informed decision-making.
