

Alabama Mesothelioma Victims Center Urges a Former Shipyard-Maritime Worker with Lung Cancer Anywhere in Alabama to Call the Birmingham Based Environmental Litigation Group About Compensation-It Might Be Significant

BIRMINGHAM , AL, UNITED STATES,
September 30, 2024 /

[EINPresswire.com/](https://www.einpresswire.com/) -- The Alabama Mesothelioma Victims Center is urging a former shipyard or maritime worker who has just developed lung cancer or mesothelioma anywhere in Alabama to please call the Birmingham based lawyers at the Environmental litigation Group anytime at 866-714-6466 to discuss financial compensation. The lawyers at the Environmental Litigation Group specialize in getting their clients the best possible compensation if they have developed lung cancer or mesothelioma because of workplace exposure to asbestos anywhere in Alabama.

The group says, "Aside for navy veterans, shipyard and or maritime workers are two of the top work groups in the USA for asbestos exposure-especially if the shipyard or maritime worker was working before 1983. A shipyard or maritime worker in Alabama might have had routine or even extreme exposure to asbestos prior to 1983, as a mechanic, welder, plumber, insulator, electrician, pipefitter, or as a laborer. Not only can an individual who had routine exposure to asbestos develop mesothelioma-they can also develop lung cancer. Sadly, most workers who

develop asbestos exposure lung cancer never get compensated because they are not aware the \$30+ asbestos trust funds were set up for them too.

"If your husband or dad is a former maritime or shipyard worker with just diagnosed lung cancer or mesothelioma anywhere in Alabama, please call the Environmental Litigation Group anytime at 866-714-6466. They are the top law firm in Alabama for people who have developed lung cancer or mesothelioma, and their office is in Birmingham."
