New Book Release: No One Has To Die by Retired U.S. Marshal Steve Monier

Recounts 266 Perilous Days in Plainfield, New Hampshire

Genius Book Publishing is thrilled to announce the release of [No One Has to Die: Inside the Longest Armed Standoff in the History of the](#) U.S. Marshals, a gripping new book by retired U.S. Marshal Steve Monier. This thrilling true story dives deep into the 266-day standoff in Plainfield, New Hampshire in 2007, where tax protesters and militia members faced off against the U.S. Marshals.

Steve Monier, the U.S. Marshal for New Hampshire at the time, shares his personal and dramatic experiences from the front lines. With incredible detail, Monier, along with contributions from Chief Deputies Gary DiMartino and David Dimmitt (Ret.), recounts the strategic planning, intense negotiations, and nail-biting moments that averted a potentially deadly showdown, reminiscent of past tragedies like Waco and Ruby Ridge.

The book reveals how the Marshals used clever tactics and sheer determination to bring Ed and

Elaine Brown to justice without bloodshed. Monier, with his 38 years of law enforcement experience, paints a vivid picture of the challenges and dangers faced during the standoff. The Browns, armed and defiant, attracted a following of militia supporters, turning their hilltop home into a fortress.

Monier's storytelling brings readers inside the tense and often humorous moments of this high-stakes operation. From the initial court trials to the final resolution, every page is filled with suspense and real-life drama. *No One Has to Die* is a must-read for fans of true crime and anyone fascinated by law enforcement stories. Monier previously coauthored the groundbreaking book about the Lindbergh Kidnapping case, *Crime of the Century*.

No One Has to Die is scheduled for release on October 4, 2024. It is available for preorder now at the publisher's website at <http://geniusbookpublishing.com/products/no-one-has-to-die>.
