

LW Americas Relocates to New Facility in Boating Capital of the World

DAVIE, FL, UNITED STATES, September 30, 2024 /EINPresswire.com/ -- LW Americas, a leading provider of high-performance compressors, has relocated its operations from Pompano Beach to a new, larger facility in Davie, Florida. This strategic move places LW Americas closer to Fort Lauderdale, known as the "Boating Capital of the World," allowing the company to better serve its growing customer base in the diving and marine industries.

Previously headquartered in Pompano Beach, LW Americas made the move to Davie to position itself more centrally within the heart of South Florida's boating and diving communities. The new location at 4061 SW 47th Ave offers greater accessibility for customers while allowing LW to provide more efficient and responsive service to local marine professionals and diving enthusiasts.

LW Americas specializes in a broad range of compressor systems, from tank fill solutions for dive shops to custom-designed systems for boats. Known for their durability, energy efficiency, and low maintenance, LW compressors deliver a safe and reliable air supply for divers. Whether for personal use or professional marine operations, LW can design and build the right compressor system tailored to meet your specific diving needs.

This relocation not only enhances LW Americas' ability to serve its customers but also strengthens its presence within the boating and diving capital of the world. Customers can continue to expect the same high-quality products and custom solutions, now with the added convenience of a more accessible location.

For more information or to explore custom compressor solutions, visit their website at www.lwamericas.com.
