

Soo's 78 by Ken Thong Wins Bronze in A' Interior Design Awards

Malaysian Design Firm The Roof Studio Earns International Recognition for Innovative Residential Project

COMO, CO, ITALY, September 30, 2024 /EINPresswire.com/ -- The A' Design Award, a highly prestigious award in the field of [interior](#) design, has announced that Soo's 78, a residential project by Malaysian designer [Ken Thong](#), has been awarded the Bronze A' Design Award in the Interior Space and Exhibition Design category. This well-recognized accolade celebrates the exceptional creativity, functionality, and innovation demonstrated in Thong's design.

The Bronze A' Interior Space, Retail and Exhibition Design Award holds significant relevance for the interior design industry and its clientele. By recognizing projects like Soo's 78, the award highlights the importance of creating spaces that prioritize user experience, align with current trends, and push the boundaries of design innovation. This recognition not only validates the designer's expertise but also inspires the industry to continually elevate its standards and practices.

Soo's 78 stands out for its thoughtful transformation of a 20-year-old terrace house into a serene and stylish home that emphasizes openness, natural light, and functionality. The design team's focus on creating an elderly-friendly living space with a warm and cozy atmosphere is evident in the carefully selected materials, color palette, and spatial layout. The incorporation of greenery, skylights, and ventilation blocks further enhances the connection between the interior and exterior, promoting a sense of well-being and harmony.

Winning the Bronze A' Design Award serves as a testament to Ken Thong and The Roof Studio's

commitment to excellence and innovation in interior design. This recognition is expected to inspire the team to continue pushing creative boundaries and exploring new ways to create meaningful spaces that positively impact the lives of their clients. As the award brings international attention to their work, it may also open doors to exciting collaborations and projects that further showcase their expertise in the field.
