Signature Hair Transplant Services

Follicular Unit Extraction Hair Transplant (FUE) :

FUE is one of the most prominent procedures that involves extracting individual hair follicles from one's body and transplanting them to the desired area. The procedure leaves minimal scarring that is barely noticeable to the eye.

The recovery period is relatively quick, with a maximum of 7 to 10 days. FUE is designed for those seeking a subtle, natural look without going for a highly invasive procedure.

Follicular Unit Transplantation Hair Transplant (FUT) :

FUT is advisable for people who are extremely short on hair and require extensive hair coverage. The method involves removing a strip of scalp from the back of the head and dissecting it to

harvest individual follicular units.

FUT generally creates a linear scar and allows for the transplantation of a larger number of follicles. This makes it suitable for people with significant hair loss. Recovery in this procedure typically takes around 10 to 14 days, but the results are worth the wait.

Complete Hair Care

Zestige offers a range of hair restoration products for men and women to enhance the procedure results and maintain the health and vitality of hair, beard, and eyebrows. The products work harmoniously with the body's natural processes, ensuring the best hair transformation results.

In a time when many are tempted to seek cheaper options abroad, this hair transplant firm offers quality with efficient outcomes at a market-friendly price.

Clients know that when they choose the popular hair transplant brand located at Harley Street, they choose a team dedicated to delivering the desired results. The company invests heavily in state-of-the-art technologies, continuous training, and, most importantly, clients' satisfaction. We pride ourselves on offering competitive prices. The [hair transplant cost Uk](#) starts at £4000, ensuring quality and expertise in every procedure.

The trusted hair transplant brand ensures that the hair restoration journey is smooth, comfortable, and, above all, successful.
