# Threat-eX by CYBER RANGES now offers enterprise-grade threat emulation experiences building cybersecurity muscle memory

CYBER RANGES launches Threat-eX™, a unique enterprise-grade program of cyberthreat emulation eXperiences to build cybersecurity muscle memory for resilience.

STAFFORD, VA, UNITED STATES, September 30, 2024 / EINPresswire.com/ -- CYBER RANGES launches Threat-eX™, a unique enterprise-grade program of cyberthreat emulation eXperiences to build cybersecurity muscle memory for resilience.

Just as physical strength is built through consistent "Reps X Sets", effective cybersecurity capabilities are developed through rigorous and continuous practice.

Threat-eX™ by @CYBER RANGES is a comprehensive 6-month program of Live Webinars and simulation-based, cyberdrill-grade exercises, delivering effective, threat-informed operations training, professional development and certification. The Threat-eX™ exercises are powered by the Best-in-Class CYBER RANGES range platform.

For your diary the 6 dates of the Live Cyberdrills are:

14-15 Nov. 2024
18-19 Dec. 2024
15-16 Jan. 2025
19-20 Feb. 2025
19-20 Mar. 2025
9-10 Apr.2025

Threat-eX™ addresses the missing link in traditional training by integrating comprehensive, hands-on, deep-dive, live-fire exercises that build and validate skills and improve resilience against Advanced Persistent Threats (APT's). With Threat-eX™ you will be able to build effective Cybersecurity Muscle Memory, to understand proactively your organization's Threat Exposure, and to evidence overall Resilience.

GARTNER (2024) points out that "The importance and criticality of training with 'live ammunition' or simulated 'live ammunition' cannot be over-emphasized."

"Threat-eX™ by CYBER RANGES is the new, transformational, enterprise-grade solution for Security Leaders and Entities interested in up-to-date Threat Exposure Management and Security Plan Validation through regular cyberdrill-grade practice", states Dr. Al Graziano, CEO

The first Event of the Threat-eX™ Program series is on Nov. 14-15, 2024.
