□ Definition:

Inflight catering refers to the preparation and provision of food and beverages served to passengers during a flight. This service involves planning, preparing, and delivering meals that meet airline standards and customer preferences, ensuring a pleasant dining experience while traveling. It includes managing dietary needs and quality control of the food served.

□ Drivers:

Growing demand for premium in-flight experiences, increasing air travel

□ Trends:

Expansion of global routes, focus on health-conscious menu options

□ Challenges:

Supply chain management, high food safety standards
