

# Visionary Explorer & Co-Founder of Future of Space, Daniel Fox Celebrates a Landmark Achievement: 100th Podcast Episode

*Renowned author of "Feel The Wild" marks a significant milestone before embarking on the groundbreaking Space2Sea Antarctica Voyage of Legends.*

PORTLAND, OR, UNITED STATES, October 1, 2024 /EINPresswire.com/ -- [Daniel Fox](#), celebrated visionary explorer, human-connector, and Co-Founder and Chief Visionary Officer of [FUTURE of SPACE](#), reaches a milestone with the release of the 100th episode of his acclaimed interview series. This landmark episode, where Fox steps into the role of the 100th interviewee, delves deep into his inspiring journey, exploring his mission to unite leaders from across.

Daniel Fox

Fox's 100th episode stands as a celebration of his enduring dedication to sparking conversations that bridge the natural world, the Cosmos, and the human story. As the author of 'Feel The Wild', Fox has long inspired readers to connect with nature, urging humanity to see the world as a shared experience that transcends borders—on Earth and in Space. His work at FUTURE of SPACE embodies this ethos, positioning Space as more than a distant frontier, but as an extension of our human narrative, crucial to understanding ourselves and our Planet.

Fox's work has gained the attention of prominent figures across multiple sectors, including philanthropy, media, and Space exploration. His 100th episode reflects the growing global interest in the convergence of Space and sustainability. Previous guests include actor William Shatner, Dr. Pete Worden, futurist Amy Webb, Space Perspective's co-founder, Jane Poynter, former NASA Directors Lori Garver and Scott Hubbard, Rocket Lab founder Peter Beck, explorer

Victor Vescovo, JPL Rob Manning, Astronauts Anousheh Ansari, Chris Hadfield, Scott Kelly, Eileen Collins, Nicole Stotts, Susan Kilrain, Mike Massimino, José Hernández, and many more.

“The 100th episode is not just a personal milestone; it’s a testament to the power of storytelling and the importance of fostering global conversations,” says Daniel Fox. “We’re at a crucial moment where the boundaries between Earth and Space are merging, and my goal is to create a dialogue that transcends the traditional limits of exploration, bringing people together to envision a future that benefits the whole of humanity.”

Fox’s unique perspective on humanity’s relationship with the Earth and beyond comes at a pivotal moment, just months before the highly anticipated [Space2Sea](#) Antarctica Voyage of Legends. This unparalleled expedition to Antarctica will bring together some of the world’s most iconic figures from Space exploration, science, and the arts.

The Space2Sea Antarctica Voyage of Legends is just the beginning of his grand vision, bringing together thought leaders, Space explorers, influential figures and innovators to explore the planet’s remote locations while engaging in forward-thinking discussions about the future of our species on Earth and beyond. For those lucky enough to secure one of the remaining Suites aboard the luxurious Seabourn Venture, the journey promises to be a life-changing adventure—one that unites the awe of our Planet with the excitement of Space.

#### Space2Sea Antarctica Voyage of Legends: A Once-in-a-Lifetime Opportunity

Taking place this December, the Space2Sea Antarctica Voyage of Legends is more than just a Voyage—it’s an experience designed to connect the dots between ocean exploration, Space travel, and the future of humanity. The Featured Guest lineup includes:

- William Shatner – Actor, Iconic Star Trek Captain, Space Explorer
- Neil deGrasse Tyson – Astrophysicist and Science Communicator
- Charlie Duke – NASA Astronaut, Apollo 16 Moonwalker
- Scott Kelly – NASA Astronaut, Record Holder for Longest Spaceflight by an American
- José Hernández – NASA Astronaut and Engineer

- Ann Curry – Award-Winning Journalist and Humanitarian
- Céline Cousteau – Environmental Advocate and Documentary Filmmaker
- Stephen Wiltshire – World-Renowned British Artist Known for Detailed Cityscapes from Memory

The Voyage hailed as the most anticipated expedition of the year, will immerse Participants in the pristine wilderness of Antarctica while connecting them with the brightest minds in Science & Space exploration. It's the ultimate opportunity for individuals, explorers, thought leaders and philanthropists to be part of history, as the Space2Sea Antarctica Voyage of Legends promises to spark new ideas, form lasting bonds, and inspire action on global challenges.

#### About Daniel Fox

Daniel Fox is the Co-Founder and Chief Visionary Officer of FUTURE of SPACE, Author of 'Feel The Wild', SONY photographer, and former Solo Wilderness Explorer. As a storyteller, writer, wildlife photographer, and advocate for moving society forward, Fox is committed to fostering dialogue about humanity's future on Earth and in Space.

"Fox is a modern Henry David Thoreau with the eye of an Ansel Adams." Chip Conley, Hospitality entrepreneur and bestselling author

#### About FUTURE of SPACE (FoS)

Founded by Daniel Fox and Tristan Tanovan-Fox, FoS is like an explorer charting new paths, connecting people and industries with new frontiers, whether geographical or technological. Space isn't just a distant horizon—it's the common thread that ties everything together, inspiring new perspectives and opportunities. By using space as the ultimate platform for innovation, they bring diverse minds together to tackle Earth's challenges in ways they might never have imagined. FoS believes that by making space a part of these conversations, they can help solve problems here on Earth while paving the way for a brighter future on and beyond our planet. Their ethos is to "Embrace New Frontiers. Celebrate the Human Experience. & Elevate the Conversation". By creating programs like Space2Sea, FUTURE of SPACE seeks to inspire leaders, innovators, and decision-makers to think beyond traditional paradigms.
