among the region's most dynamic companies. The firm specializes in helping businesses optimize their operations and accelerate growth through tailored technology solutions.

“It's an honor to be recognized among such a talented group of companies,” said Edward DuCoin, Co-Founder of Orpical Technology Solutions. “This ranking is a testament to the incredible work of our team and the trust our clients place in us. We're proud to continue pushing the boundaries of what's possible in digital transformation.”

The event fostered an exceptional sense of community within the Greater Philadelphia business

ecosystem. In addition to receiving the prestigious recognition, Orpical Technology Solutions seized the opportunity to forge connections with fellow regional companies, strengthen camaraderie, and commemorate their shared achievements.

Orpical Technology Solutions' 32nd ranking on the Fast 50 list is a testament to the company's strategic direction, embrace of technology, and commitment to delivering transformative solutions for clients. "This is only the beginning," said Stefan Schulz, Co-Founder of Orpical Technology Solutions. "We've laid a strong foundation, but there's so much more on the horizon. Our focus now is on strategically scaling while continuing to innovate. We're positioning ourselves to grow as a company and lead the next phase of digital transformation."

As the company looks ahead, it remains committed to nurturing the relationships that have fueled its success while driving continued growth in the digital transformation space.
