

Woligo Launches a Game-Changing Prescription Savings Program for Nonprofit Hospitals and Their Communities

OKLAHOMA CITY, OK, UNITED STATES, October 2, 2024 /EINPresswire.com/ -- [Woligo](#), a provider of insurance and benefit solutions, is excited to announce a strategic partnership with industry experts in pharmacy benefit management to create Woligo Pharmacy Solutions™ – a prescription savings program that helps nonprofit hospitals and eligible community employers manage and reduce the costs associated with prescription drugs without sacrificing quality or coverage.

While traditional pharmacy benefit managers (PBMs) negotiate rates on behalf of health plans, they often take a portion of the savings, which can obscure the true cost of medications.

The soaring cost of prescription drugs is a growing concern for Americans, affecting families and businesses alike,”

- Prescription Savings: Manage and reduce the costs

associated with prescription drugs without sacrificing quality or coverage.

- Price Transparency: Say goodbye to markups, hidden fees, overrides, and bonuses.
- Puts Employers in Control: Program participants know where every dollar goes, and why.
