Demetri Welsh, renowned psychic reader and energy worker, presents The Adam and Eve Story: Secrets Revisited, a modern rewrite of Chan Thomas's suppressed book. This work dives deep into the secrets of Earth's periodic cataclysms, hidden esoteric knowledge, and the conspiracies that have kept these truths out of the public eye.

Welsh's rewrite of The Adam and Eve Story not only revives the ideas first introduced by Thomas, but also expands on them using new insights and a contemporary perspective. Secrets Revisited provides readers with a fresh look at the evidence of catastrophic events that have shaped our world, from ancient civilizations to the secrets suppressed by elites and governments.

A Modern Look at Cataclysmic History

Welsh uncovers the truths about Earth's cycles of destruction, demonstrating how these recurring events have wiped out advanced civilizations and reset human history. With compelling scientific and historical evidence, he asks the critical question: why is this knowledge being hidden from us?

Through a combination of sacred texts, esoteric symbols, and ancient wisdom, Welsh reveals what the ancients knew about these cyclical cataclysms and how they prepared for future destruction. He also explores how secret societies and global elites have been safeguarding this knowledge, preparing for events they know will come again.

Paranormal Phenomena and Metaphysical Exploration

Welsh's unique background as a psychic reader and energy worker brings an additional layer of insight to the book. He explores the connection between metaphysical practices, paranormal phenomena, and cataclysms, showing how ancient civilizations used these practices to survive massive changes. Welsh also highlights how governments and elites today use similar esoteric knowledge to keep the public in the dark.

Grave Conspiracies and Suppression of Knowledge

Welsh reveals grave conspiracies surrounding the suppression of this information by governments, secret societies, and religious institutions. The book delves into why this knowledge has been intentionally hidden from humanity and how elites use this information for their own gain. Welsh's investigation uncovers how this suppression has continued for centuries, keeping the public ignorant of the cycles of destruction that lie ahead.

Why The Adam and Eve Story: Secrets Revisited Matters Now

In a time of growing uncertainty, Secrets Revisited serves as a crucial reminder that the forces shaping our world are far beyond our control. Welsh's book is a wake-up call to a humanity unprepared for the next cycle of destruction. Welsh urges readers to confront the truth about

our hidden history and start preparing for what's coming, spiritually, mentally, and physically.

Welsh offers this challenge: "We are on the edge of another great cataclysm, and the elites know it. They've kept this knowledge hidden for centuries while they prepare. It's time we do the same."
