The PawPro Pet Insurance Program is designed to meet the needs of pet-owning renters, providing a broad range of essential coverages such as emergency pet boarding, lost pet advertising and reward, death from injury or illness, veterinary fees, and vacation cancellation.

This innovative pet insurance solution will be distributed through Swain & Baldwin's established network of retail agents and made available directly to consumers.

Swain & Baldwin, an independent insurance agency with over 65 years of experience, is rolling out PawPro alongside its existing renters' insurance program. The

synergy between the two products offers renters a seamless way to protect both their homes and their pets.

“Partnering with Swain & Baldwin to launch PawPro allows us to offer pet owners peace of mind by bundling comprehensive pet insurance with their renters’ policies,” said Dominick Tassone Jr, Chief Underwriting Officer at AM Specialty Insurance. “With Swain & Baldwin’s existing distribution network and trusted relationships in the renters market, we are confident this program will be a great success.”

AM Specialty Insurance will retain 100% of the program, which is expected to generate \$7.5 million in written premium in its first year, with plans to scale to \$20 million within three years.
