

CDM Solutions Announces Expansion of Platform Integrations With PPS Mutual

The New Integration Provides Real-Time Data Access for Insurance Professionals

MELBOURNE, VICTORIA, AUSTRALIA, October 3, 2024 /EINPresswire.com/ -- [CDM Solutions](#), Australia's leading data-driven platform for the insurance industry, is pleased to announce the addition of PPS Mutual to its growing list of integrated partners. This new integration provides CDM users with real-time access to PPS Mutual's data, streamlining processes and enhancing efficiency for insurance brokers, financial advisers, and dealer groups across the country.

As part of CDM Solutions' ongoing strategy to deliver cutting-edge, real-time solutions, the integration with PPS Mutual allows users to access policy data instantly. By automating this critical aspect of insurance management, CDM continues to demonstrate its commitment to improving user experience and operational effectiveness.

"This integration is a significant step in our mission to make real-time data access seamless for our users," said Katriel Warlow-Shill, CEO of CDM Solutions. "By accessing accurate policy information from PPS Mutual, we are not only expanding the scope of our platform but also reinforcing our position as a leader in providing automated, accessible data solutions for the insurance industry."

The collaboration allows CDM Solutions' users to have instant access to PPS Mutual's policy information, further automating workflows and reducing the manual effort required to manage client data. This enhancement ensures brokers and financial advisers can make informed decisions faster and with greater confidence.

CDM Solutions continues to work with insurers to solidify its position as Australia's premier insurance platform, with additional partnerships and integrations planned in the near future.
