

Track Surveys' Track 360 Feedback for Microsoft Teams is Now Available in the Microsoft Azure Marketplace

LONDON, UNITED KINGDOM, October 7, 2024 /EINPresswire.com/ -- Track Surveys, creator of bespoke 360 feedback solutions, today announced the availability of Track 360 Feedback in the Microsoft Azure Marketplace, an online store providing applications and services for use on Azure. Track Surveys' customers can now take advantage of the productive and trusted Azure cloud platform, with streamlined deployment and management.

Companies can combine the flexibility and customizability of the Track 360 Feedback Builder with the accessibility, speed, and agility of Microsoft Teams to create 360 feedback experiences that will energise performance, build key skills, and boost engagement. Track 360 Feedback for Microsoft Teams offers a seamless 360 feedback experience for employees, managers, and leaders:

- Bespoke 360 Feedback links directly to the organization's unique competencies, values and KPIs, enabling measurement for key talent and development programs.
- Feedback requests are fast and immediate through Teams messaging, without the need for emails, passwords, or logins.
- Feedback is completed and submitted through Teams – no need to go to another application.
- System administrators retain control over content, timing, and reporting of the 360s.
- Group reporting provides insights for further development and investment decisions.

"We are delighted to offer Track 360 Feedback for Teams," said Jo Ayoubi, CEO of Track Surveys and Track 360 Feedback. "We believe our clients will benefit from a personalized 360 feedback experience through their Microsoft Teams chat application, making it easy and fast to give and get important feedback.
