We felt trapped in a situation that was supposed to bring joy but instead brought stress & concern for our family's future. Thankfully, we got out of the timeshare with the help of Lonestar Transfer.”

Helena Cruz

nation's leading timeshare exit company, has helped thousands of families reclaim their financial freedom by exiting burdensome timeshare contracts. Helena Cruz and her family are among the many who have found relief through Lonestar Transfer's proven and trusted process.

Helena and her family originally purchased their timeshare believing it would be a valuable investment and an easy way to ensure family vacations. However, the reality quickly became a source of stress. “We soon realized that the timeshare was more of a burden than a benefit. The ongoing financial commitment was overwhelming, and we

were shocked to discover that it was essentially a never-ending obligation that could be passed on to our children,” said Helena.

The Cruz family's experience is a common one—many timeshare owners face rising maintenance fees, special assessments, and a lack of transparency about the long-term financial responsibilities tied to timeshare ownership. What was supposed to be a source of joy for the family had instead become a source of stress and concern for their future.

Feeling trapped, the family turned to Lonestar Transfer for help. Through their dedicated team and legal, transparent process, Lonestar Transfer successfully freed the Cruz family from their timeshare, bringing them immense relief. “We felt like we had no way out until we found Lonestar Transfer. Now, we're so grateful to be free from that financial burden. We highly recommend anyone who needs help letting go of their timeshare to reach out to Lonestar,” Helena added.
