Unlocking Hope for Heroes' Families

“At Keyport, we believe in unlocking new possibilities, not just with our products but in the lives of those who need it most,” says David Cooper, President of Keyport. “By

teaming up with Folds of Honor, we're able to support families who have endured unimaginable

loss or sacrifice. These families - our heroes - deserve more than our thanks; they deserve opportunities to succeed. We're honored to be a part of that journey."

More Than Just a Partnership: A Mission of Empowerment

Since its inception in 2007, Folds of Honor has awarded over 62,000 scholarships, totaling nearly \$290 million in aid, with 45% of those scholarships going to minority recipients. In 2022, the organization expanded its mission to include scholarships for America's first responders, such as police, fire, EMTs, and paramedics. Keyport's partnership goes beyond fundraising; it's about unlocking opportunities for military and first responder families who face uncertainty after their loved ones have been injured or lost in the line of duty. Through this initiative, Keyport customers can directly contribute to scholarships that support K-12 education, college, and post-graduate degrees, providing these families with the tools to forge bright futures.

"We are deeply humbled to partner with Folds of Honor," adds Keyport founder, Josh Downes. "Our mission has always been to empower people, and now we have the privilege to support an organization that is unlocking opportunities for the families of those who have given everything for our safety and freedom."

Lt Col Dan Rooney, CEO and founder of Folds of Honor, expressed his excitement about the partnership, noting, "Folds of Honor is proud to team up with Keyport. We believe the partnership will be a force multiplier to the mission and awareness of Folds of Honor and increase scholarship funding to the families of American military and first responder heroes. Together, we will meet sacrifice with hope."
