3) By Vertical Type: Manufacturing, Oil and Gas, Aerospace, Government Infrastructure and Public Safety, Automotive, Power Generation, Other Verticals

Geographical Insights: North America Leading The NDT Services Market

North America was the largest region in the market in 2023. The regions covered in the report are Asia-Pacific, Western Europe, Eastern Europe, North America, South America, Middle East, Africa.

NDT Services Market Definition

NDT refers to a variety of inspection techniques that permit inspectors to assess and gather information about a material, system, or component without causing any long-term changes to it. These are used to examine the characteristics of a material, component, structure, or system without affecting the original part in order to look for typical variations or welding faults and discontinuities.
