The spread of the COVID-19 pandemic has negatively impacted the global hoverboard scooters market, owing to commute restrictions, and is expected to weaken the financial performance of the market players in 2020. It has impacted the overall economy, and market participants are formulating strategic cost-saving plans. The major risk factors of the hoverboard scooters market participants are supply chain execution, regulatory & policy changes, dependency on labor, working capital management, and liquidity & solvency management.

By type, the mid-size segment is expected to register significant growth during the forecast period.

On the basis of sales channel, the online sales segment is projected to lead the global market in terms of market share by the end of the forecast period.

Depending on speed limit, the Less than 15 Kmh segment is projected to lead the global market, in terms of market share.

Region wise, North America dominated the global hoverboard scooter market in 2020 in terms of market share.
