

Fired Sidekick Makes Reckless Deal With a Villain and Sparks Fly in Wildfire: The Rise of a Hero

She hones her skills, acs community college and becomes the sidekick to San Arbor's number one hero, Volcanic. However, furthering her career seems impossible when she is fired for misconduct.

Determined to don her cape at a different superhero company, Abigail knows she must get stronger and accepts a deal from an unlikely source. Cinder, a similarly powered villain who has bested her at every encounter, offers to train her if Abigail can promise him one thing: A way out of the city.

Falling in love wasn't part of the deal.
