NEW ORLEANS , LA, UNITED STATES, October 10, 2024 /EINPresswire.com/ -- The Louisiana Mesothelioma Victims Center is urging a former barge worker, maritime worker or shipyard worker who has just been diagnosed with lung cancer or mesothelioma anywhere in Louisiana to make financial compensation a top priority and call the Gori Law Firm anytime at 866-532-2106. The Gori Law Firm is one of the nation's leading law firms for people who have developed asbestos exposure lung cancer or mesothelioma, they have an office in New Orleans, and they consistently get top financial compensation settlements for their clients.

The group says, "We have friends who were skippers of river barges, marine mechanics, laborers who worked on barges when they were younger and shipyard workers in Louisiana, and we know a lot of them had significant exposure to asbestos-especially before the mid-1980s. Not only were the barges insulated with asbestos, in many instances the barges cargo consisted of products made with asbestos. Not only are people like this at risk for developing mesothelioma, but they are also at risk for developing asbestos exposure lung cancer. People like this in Louisiana should get compensated.
