“My daughter Haasini recently completed her coaching in PALS, Edison under Mrs. Usha’s guidance and I am thrilled with the outcome. Thanks to Usha, Haasini was able to feel confident without any anxiety. We chose PALS based on a recommendation and were impressed by her expertise and dedication. PALS’s teaching methods were highly effective—she provided clear explanations and strategies that really resonated with Haasini. The study materials provided were comprehensive and current, which helped my daughter with the test format and question types. PALS’s ability to personalize the coaching was exceptional; she identified weak areas and

tailored the lessons to address them specifically. This approach made a significant difference in my daughter's confidence and performance. PALS was always accessible and responsive, offering additional support when needed. Her constructive feedback and encouragement kept my daughter motivated throughout the preparation process. As a result of PALS's coaching, my daughter saw a notable improvement in her scores, which we attribute to the effective preparation and support she received.
