Multicultural Festival on Saturday, November 9 from 3-6 pm at Mesa's Eastmark Great Park

The community of Eastmark, named one of the Country's greatest master-planned communities, is known for being inclusive, diversified, and always evolving. The Eastmark Leadership initiative was launched in 2015 to provide residents a valuable opportunity to engage with one another and their community in an enriching way. The goal of the 10-month program is to establish a strong foundation and tradition for resident leadership now and into the future. The core program focuses on personal leadership development; gaining a deeper understanding of the Eastmark vision and community plan; learning about economic development strategies in the East Valley; and exploring other current issues that impact Eastmark, the region, and the state.

The Eastmark Leadership experience culminates in a class project that is organized and executed by the program participants. Class 10's project is the creation and execution of the first Multicultural Festival at Eastmark.
