

# Fresh Wood by M Arche Design Center Wins Bronze in A' Interior Design Awards

*M Arche Design Center's Innovative Restaurant Design Recognized with Esteemed International Design Accolade*

COMO, CO, ITALY, October 4, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected international design competition, has announced [M Arche Design Center](#) as a winner in the [Interior](#) Space and Exhibition Design category for their exceptional work titled Fresh Wood. This prestigious recognition highlights the significance of the A' Interior [Design Awards](#) within the interior design industry, celebrating innovative and influential designs that shape the field.

Fresh Wood's award-winning design showcases the relevance of M Arche Design Center's work to current trends and needs within the restaurant industry. By seamlessly blending culinary aesthetics with a unique living philosophy, the design aligns with and advances interior design standards and practices. The thoughtfully crafted dining space offers practical benefits for both patrons and industry stakeholders, emphasizing utility and innovation in restaurant design.

M Arche Design Center's Fresh Wood stands out in the market through its artful showcasing of natural spices and serialized design elements throughout the space. Each segmented area becomes a customized storytelling point, transforming the dining experience into an engaging exploration of food. The design's functionality, aesthetics, and innovative aspects create a surprising and sensory-rich taste exploration journey that invites customers to immerse themselves in the restaurant's ambiance.

This prestigious recognition from the A' Interior Design Awards serves as motivation for M Arche
