

WINTERGREEN INTRODUCES NEW WEATHERPRO™ COAXIAL STRING LIGHTS - NOW TWICE THE LIGHTS

Wintergreen Corp, an industry leader in wholesale Christmas lights, announces launch of its WeatherPRO™ 5MM Coaxial LED Light Sets, by Wintergreen Lighting®.

ALPHARETTA, GA, UNITED STATES, January 6, 2025 /EINPresswire.com/ -- Wintergreen Corporation, an industry leader in wholesale Christmas lights, is proud to announce the launch of its new WeatherPRO™ 5MM Coaxial LED Light Sets, by Wintergreen Lighting®. Engineered for commercial-grade performance and designed to meet the most demanding installation requirements, these tangle-free, balled light sets make decorating trees, foliage, and large displays easier than ever, while delivering unmatched durability and energy efficiency.

Featuring water-tight, commercial-grade, heavy-duty construction with 20 AWG wire and IP67-rated protection, WeatherPRO™ 5MM Coaxial LED light sets are designed to withstand harsh outdoor conditions. With UV coating, they remain bright and vibrant even in extreme environments, and Energy Star certification ensures they last up to 15 times longer than traditional lighting. The patented one-piece construction eliminates flickering and reduces issues like current leakage and GFCI tripping, providing worry-free operation for both residential and commercial installations.

Key Features:

Tangle-Free Design: Balled light sets for easy wrapping around trees and foliage

Water-Tight, Commercial-Grade: Built for durability in harsh outdoor conditions

Energy Star rated: Lasts 15 times longer than traditional lights, saving energy and costs

WEATHERPRO™ COAXIAL STRING LIGHTS - NOW TWICE THE LIGHTS!

UV Coated: Protects against weather and sun damage for long-lasting brightness

Accurate Color Rendering: Controlled color range for consistent, vibrant lighting

IP67 Rating: Patented one-piece construction prevents corrosion, reduces current leakage, and minimizes GFCI issues

Full Wave Rectified: Eliminates flickering for a continuous, steady light

End-to-End Connectible: Easily connects multiple sets for large displays

Heavy-Duty 20 AWG Wire: Supports longer runs and performs well in extreme conditions

Reliable Performance: If one bulb goes out, the rest stay lit
