Since its inception in 1957, the Canton Fair has successfully held 135 sessions, taking place each spring and autumn. It is currently the longest-running, largest in scale, most comprehensive in product offerings, and attracts the most buyers from diverse regions. The fair is known for its excellent transaction results and outstanding reputation. The 135th Canton Fair saw participation from overseas buyers from 229 countries and regions, with 246,000 attending in person and 408,000 joining online.

The 136th Canton Fair will open on October 15, 2024, featuring a total exhibition area of 1.55 million square meters. It is expected to host over 29,000 enterprises. Among these, the import exhibition will cover approximately 30,000 square meters and will offer a wide range of product categories.

Phase 1 focuses on “Advanced Manufacturing”. In addition to conventional industries such as Machinery, Hardware, Tools, Lighting Equipment, and Electrical and Electronic Products, a large number of cutting-edge technologies and intelligent products will be showcased in sections such as Household Electrical Appliances, New Energy Vehicles and Smart Mobility, Industrial Automation and Intelligent Manufacturing, and New Energy Resources. Phase 2 is marked by “Quality Home Life”. Building and Decorative Materials, Home Decorations, and Gifts sections. Under the theme of “Better Life”, Phase 3 will exhibit products from sectors of Health and Recreation Products, Toys, Children, Baby and Maternity Products, and Fashion to meet the sourcing demand for new consumption.

The 136th Canton Fair is scheduled to open on October 15, 2024, and will be held in three phases offline, as follows:

- Phase 1: October 15th to 19th
- Phase 2: October 23rd to 27th
