

# Gynecomastia Center of Boston Announces Grand Opening

*Led by board-certified Dr. Arthur Shektman, the Gynecomastia Center of Boston opens with an on-site surgery center offering advanced, personalized care for men.*

BOSTON, MA, UNITED STATES, October 8, 2024 /EINPresswire.com/ -- The [Gynecomastia Center of Boston](#) is excited to announce its grand opening of a dedicated facility that will provide specialized and compassionate care for

men struggling with gynecomastia. Under the expert guidance of board-certified plastic surgeon Dr. Arthur Shektman, the center aims to empower men by helping them achieve a more confident and fulfilling life through advanced surgical solutions.

Located near the heart of the city, the Gynecomastia Center of Boston features a fully equipped, state-of-the-art on-site surgical center, allowing for a seamless patient experience from consultation through surgery and recovery. This facility is designed with patient comfort and privacy in mind, providing a welcoming environment where men can discuss their concerns openly and receive comprehensive care tailored to their individual needs.

"Gynecomastia can significantly affect a man's self-esteem and emotional well-being," Dr. Shektman stated. "I understand the unique challenges that come with this condition, and I am committed to offering specialized, personalized care that addresses both the physical and emotional aspects of gynecomastia. Our goal is to help each patient feel more confident and comfortable in their own skin."

Dr. Shektman brings over 20 years of experience in the field of cosmetic surgery, specializing in gynecomastia treatment. His extensive training and dedication to the art of surgery allow him to deliver exceptional results while ensuring patient safety and comfort. Dr. Shektman has built a reputation for his attention to detail, compassionate approach, and commitment to achieving the best possible outcomes for his patients.

The Gynecomastia Center of Boston offers a range of services, including thorough consultations, advanced surgical techniques, and comprehensive post-operative care. Dr. Shektman takes the time to educate each patient about their treatment options, ensuring they feel informed and confident in their choices. The center also provides resources to help patients prepare for their surgery and navigate the recovery process.

“We recognize that every patient’s journey is unique, and we strive to create an individualized treatment plan that meets their specific needs,” Dr. Shektman explained. “Our team is dedicated to supporting patients throughout their experience, from the initial consultation to follow-up care, ensuring they receive the highest level of attention and care at every step.”

The center is equipped to address any questions or concerns patients may have regarding their condition. Dr. Shektman and his team are committed to fostering an open and supportive environment where men can feel comfortable discussing their experiences.

“The Gynecomastia Center of Boston represents a significant advancement in men’s health care. We are here to provide not only surgical solutions but also emotional support and guidance throughout the entire process,” Dr. Shektman added.

The grand opening of the Gynecomastia Center of Boston marks an important milestone in the availability of specialized care for men in the region.
