

Eubiotics Market Growth Analysis with Investment Opportunities For 2024-2033

*The Business Research Company's
Eubiotics Global Market Report 2024 –
Market Size, Trends, And Global Forecast
2024-2033*

LONDON, GREATER LONDON, UNITED
KINGDOM, October 10, 2024

[/EINPresswire.com/](https://www.einpresswire.com/) -- The eubiotics

market has experienced robust growth

in recent years, expanding from \$5.37 billion in 2023 to \$5.85 billion in 2024 at a compound annual growth rate (CAGR) of 9.0%. The growth in the historic period can be attributed to rising consumer awareness of healthy diets, focus on livestock health and performance, antibiotic resistance concerns, increasing meat consumption, research and development investments.

What Is The Estimated Market Size Of The Eubiotics Global
Market And Its Annual Growth Rate?

The eubiotics global market is projected to continue its
strong growth, reaching to \$8.22 billion in 2028 at a
compound annual growth rate (CAGR) of 8.9%. The growth
in the forecast period can be attributed to emergence of
eubiotic blends, growing trend of sustainable agriculture,

expansion of dairy industry, application in horse nutrition, integration of prebiotics and postbiotics, rising demand for antibiotic-free products. Major trends in the forecast period include replacement of antibiotic growth promoters (agps), prebiotics and probiotics dominance, regulatory emphasis on antibiotic reduction, advancements in microbial solutions, sustainable and eco-friendly practices, expansion in aquaculture applications, collaborations and partnerships.

Growth Driver Of The Eubiotics Market

The surge in the livestock population base in the eubiotics market is expected to drive the

market's growth during the forecasting period. Livestock refers to various breeds of animals that are raised for commercial purposes, including domestic and wild animals. The population of livestock animals is increasing due to the use of animals for commercial purposes, such as the sale of milk, eggs, chicken, and fiber products.
