With decades of experience and numerous successful ventures, Kevin Harrington continues to inspire and guide entrepreneurs worldwide through his books, speaking engagements, and mentorship programs.

About Jacine Greenwood:

Jacine Greenwood is an award-winning cosmetic chemist known affectionately in the industry as "The Fairy-Godmother of Skin". As founder of the first Australian brand to be the recipient of the prestigious Alle' Awards, also known as the Oscars of Cosmetic Innovation, her win in 2022 crowned her as the most innovative brand in Australia. In 2023, Jacine was also named the most influential woman in Australia.

Set to take over the beauty world, Jacine's multimillion-dollar business was created from her kitchen table out of sheer frustration from her skin challenges and those of her children. Collectively, they struggled with acne, eczema, and dermatitis. A revolving door of experts, while meaning well, could not provide them with the right products and treatments to help treat their skin conditions, so Roccoco was born.

Roccoco Botanicals was named in the AFR Fast Global list of 2023, making her brand Australia's fastest growing beauty exporter.
