

Alabama Mesothelioma Victims Center Urges a Paper Mill Worker with Lung Cancer or Mesothelioma Anywhere in Alabama to Call the Birmingham Based Environmental Litigation Group About Compensation and Better Results

BIRMINGHAM , AL, UNITED STATES,
October 14, 2024 /EINPresswire.com/ --

The Alabama Mesothelioma Victims Center is urging a current or former paper mill worker anywhere in Alabama who has just been diagnosed with lung cancer or mesothelioma to please call the lawyers at the Birmingham based Environmental Litigation Group anytime at 866-714-6466 for a serious conversation about financial compensation. Financial compensation for a person with asbestos exposure lung cancer might exceed a hundred thousand dollars and a million dollars for mesothelioma as they are always happy to discuss.

Paper Mills are notorious for being filled with asbestos as well as the equipment or machinery at a paper mill. Asbestos was used at paper mills or the equipment at paper mills frequently contained asbestos to prevent the spread of fires. Paper mills are at high risk of having a gigantic fire if one were to start. There were no prohibitions for paper mill workers being exposed to asbestos prior to 1983. Forty plus years later paper mills are safe and for the most part free of the potential of workers being exposed to asbestos. A significant number of paper mills exist in Alabama.

The group says, "If your husband or dad is a former paper mill worker who has just been diagnosed with lung cancer or mesothelioma in Alabama, please call the lawyers at the Environmental Litigation Group at 866-714-6466. They will know exactly how to help you." <https://www.elglaw.com>
