NEW ORLEANS, LA, UNITED STATES, October 17, 2024 /EINPresswire.com/ -- According to the Louisiana Mesothelioma Victims Center, "If your loved one is a current or former chemical plant worker with just diagnosed lung cancer or mesothelioma anywhere in Louisiana, please call the Gori Law Firm for a conversation about financial compensation at 866-532-2106. While most people might be aware of significant compensation for mesothelioma, they probably are not aware there can be substantial compensation for people with lung cancer that was caused by asbestos exposure. Compensation for asbestos exposure lung cancer might exceed one hundred thousand dollars. We also want to emphasize that the Gori Law Firm has an office in New Orleans.

"Chemical plants in Louisiana were frequently covered with asbestos to prevent the spread of fire. This use of asbestos includes storage tanks, mixers, machinery, equipment and parts at a chemical plant. Maintenance workers or repair crews or repair crew supervisors might have had routine exposure asbestos on the job. Chemical plants in Louisiana employ thousands and thousands of workers and they have for generations.
