About Extraordinary Lives Foundation

Founded in 2015, ELF's mission is to improve children's mental health and emotional wellness by providing educational tools, resources, and outreach events. ELF believes that through awareness and early intervention, many of the major problems facing today's youth can be transformed within a generation. The Piggie Bear character was created by organization founder Mara James to help increase a child's emotional intelligence and is used in the organization's two major programs: Piggie BEAR (Building Emotional Awareness & Resilience) tools kits which they donate to vulnerable children and Children's Emotional Wellness Week (CHEWW), a comprehensive curriculum provided to Orange County schools.
