

K3 Holdings and Alpine LA Properties Encourage Support for Hurricane Helene and Milton Relief Effort

Helping to Find Homes and Stability for Displaced Victims

LOS ANGELES, CA, UNITED STATES, October 10, 2024 /EINPresswire.com/ -- [K3 Holdings](#), a privately held real estate investment firm with extensive holdings throughout the United States and [Alpine LA Properties](#), a leasing company providing newly remodeled apartments at affordable rates in Los Angeles are encouraging all its residents, the community, and the nation to unite in support of the victims of hurricanes Helene and Milton. The team at K3 Holdings and Alpine LA Properties are reaching out to relief organizations and fellow citizens in Florida and beyond, determined to lend our support to those affected by this unprecedented disaster.

"As Californians familiar with natural disasters, we recognize the urgency of the situation and are committed to assisting in recovery efforts without disrupting ongoing emergency operations," stated Michael Kadisha a Principal of K3 Holdings. "While we may be thousands of miles away, our hearts are with the people of Florida, Georgia, North Carolina, Tennessee and other impacted regions."

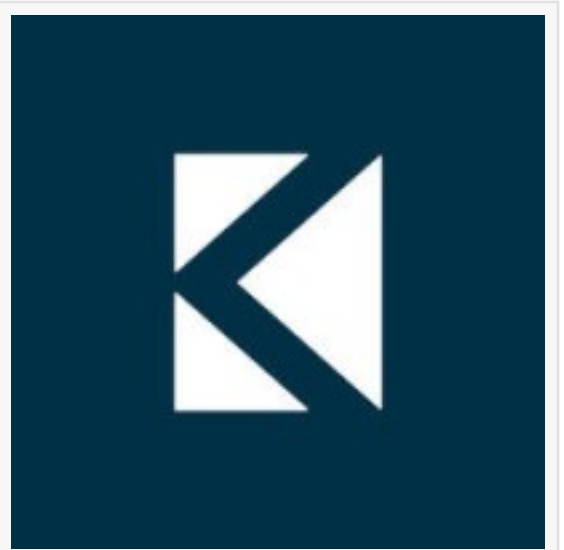

The destruction wrought by Hurricanes Helene and what is feared from Milton has left many facing immediate challenges such as loss of shelter, food insecurity, and disruption of essential services.

"Our goal is to provide meaningful support," stated Nathan Kadisha, a K3 Principal. "While we are eager to keep focus on immediate relief, we are also exploring how our housing options can

assist displaced families in finding new homes, either within our communities or elsewhere.”

To facilitate these efforts, K3 Holdings and Alpine LA Properties are encouraging support for established relief agencies, including the Red Cross and local food banks, which play a crucial role in disaster response. Donations of any size can significantly impact the recovery process, helping to provide shelter, food, and medical assistance to those in dire need. Additionally, K3 and Alpine leaders are looking to help with housing options for displaced victims.

“We understand that recovery from disasters can take months or even years,” Michael Kadisha continued. “By staying informed about the evolving needs of those affected, we can ensure that our support is both timely and provides victims stability for the longer term.”
