The Township of Verona, NJ has implemented additional government

Verona Township, NJ Deployed OPRA Module And More New Modules With GovPilot

management [software solutions](#) into their municipal offices for 2024 in order to automate processes, digitally manage data, and engage citizens via the cloud with [GovPilot](#) - the Operating System for Local Governments. In collaboration with GovPilot, a government management software provider based in New Jersey, this municipality of Essex County, expanded a partnership that will allow the local government to access new, modern, software solutions across the municipality.

This partnership aims to provide both citizens and government officials simplified access to data and information that will save valuable time and resources across the board. GovPilot's customer success rates and stellar reviews set this government management software provider apart from all others, streamlining the implementation of new software solutions efficiently and successfully for Verona.

Verona Township added the following solutions to their municipality:
Solicitation and Canvassing Permit Module
No Knock Permit Module
OPRA (Freedom of Information Act) Request Module
Committee Roster Module

Learn more about some of these modules:

Solicitation and Canvassing Permit Module: Allows for applicants to get permitting to canvass within the municipality.

No Knock Permit Module: Residents can register on-line for the Do Not Knock Registry. Local governments can easily send renewals after the expiration dates.

[OPRA (Open Public Records Request) Request Module](): Clerks can accept and manage public record requests online. Once submitted, the deadline dates and appropriate notifications can be set automatically. Departments are then able to easily upload and respond to a request with the clerk keeping control over when it is fulfilled.

Committee Roster Module: This module helps applicants apply to be a part of the town's various boards and committees. It easily allows the township to track and govern its rosters.

All additional software solutions deployed by Verona in 2024 will continue to simplify and digitize once manual, paper-based government processes, allowing for government workers to dedicate their valuable time to more pressing municipal tasks, and saving constituents the hassle of traveling to city hall in person.

GovPilot By the Numbers for 2023
Total Modules Deployed Across all Accounts Nationwide: 354
Median Deployment Days: 47
