## Book Description:

"To all the ignorant moms and dads currently emotionally abusing their children as a means to hurt their chosen sperm or egg donors: Stop it. There is a big difference between protecting your child and not wanting your child to love their mother or father.

Using children as pawns is a distasteful, disgraceful, and classless act that should be punishable by law. In our corrupted society, the last remnants of honesty and innocence are found in our children. Sadly, they will learn of these travesties in time—but as parents, we must not teach them the perfected nuances of this hurt.

Let's be mature about raising our children and encourage them to love both parents without the

threat of being hated or abandoned for doing so. And to all the ignorant adults who encourage these acts of child terrorism, you're just as guilty. If you truly cared about the benefit and welfare of the children involved, you would not tolerate the actions of the offending parties."
