Skyscend Partners with BuildPointUSA to Launch BuildPointPay Mobile App, Empowering Suppliers with Early Payment Solutions

The BuildPointPay app, powered by Skyscend's advanced financial technology, is designed to address the unique challenges of the construction supply chain. It allows suppliers and contractors to expedite payments, reduce payment delays, and manage invoices efficiently – all from the convenience of their mobile devices.

“

Partnering with Skyscend to introduce BuildPointPay empowers our users with greater financial control, providing an essential tool to eliminate the cash flow bottlenecks in the construction industry.”

Aaron Grondin, CEO of BuildPointUSA

“The construction industry has long struggled with payment delays and liquidity issues,” said David Sulfridge, CEO of Skyscend. “By collaborating with BuildPointUSA, we are delivering an innovative solution that empowers suppliers and contractors, giving them access to faster payments and more control over their finances. BuildPointPay will fundamentally reshape how businesses

within the construction sector manage their cash flow, helping them thrive in today's fast-paced market."

Key features of the BuildPointPay mobile app include:

- **Faster Payments:** Suppliers can receive payments quicker by leveraging Skyscend's supply chain finance technology, and capital network.
- **Invoice Management:** Simplified invoice submission and approval processes for contractors and suppliers.
- **Cash Flow Optimization:** Improve liquidity and predictability in the payment cycle.
- **Mobile Convenience:** Manage transactions and payments anytime, anywhere, through an intuitive mobile interface.

Aaron Grondin CEO of BuildPointUSA, shared the excitement: "Partnering with Skyscend to introduce BuildPointPay will empower our users to have greater control over their financial operations. With this app, we're providing an essential tool to eliminate the cash flow bottlenecks that have long burdened the construction industry."

The BuildPointPay app will be available for download on App Store and Google Play Store soon. It is poised to bring significant benefits to suppliers, contractors, and stakeholders across the construction supply chain.
