

Fasoo Highlights AI Data Security Solutions for Regulatory Compliance at Cyber Security World Asia 2024

BETHESDA, MD, UNITED STATES, October 14, 2024 /EINPresswire.com/ -- [Fasoo](#), the global leader in zero trust data security and management, successfully demonstrated its comprehensive data security platform at Cyber Security World Asia (CSWA) 2024.

Fasoo showcased its innovative [DSPM](#), [EDRM](#), and [EBR solutions](#), designed to address the growing need for comprehensive data protection strategies that ensure compliance with evolving regulatory frameworks.

“As the volume, diversity, and severity of security threats are significantly increasing and regulatory requirements becoming more stringent, basic data security and compliance solutions are not sufficient to eliminate the threats,” stated [Jason Sohn](#), the Managing Director at Fasoo. “Fasoo is committed to helping organizations worldwide protect their most valuable information assets – data – by leveraging the latest in AI and zero trust architecture solutions.”

Fasoo emphasized the role of AI-driven technologies in enhancing data security across various industries, particularly in sectors with data privacy requirements, such as BFSI, healthcare, retail and government. Fasoo’s comprehensive suite of data security solutions garnered attention from organizations seeking to fortify their security infrastructure amidst increasing threats and regulatory pressure.

Fasoo’s DSPM solution was particularly highlighted for its capability to provide real-time visibility
