

Alabama Mesothelioma Victims Center Urges the Loved Ones of a Former Foundry or Mill Worker with Lung Cancer or Mesothelioma in Alabama to Call the Birmingham Based Environmental Litigation Group-Get Better Compensation

BIRMINGHAM , AL, UNITED STATES,
October 21, 2024 /EINPresswire.com/ --

The Alabama Mesothelioma Victims Center is urging the loved ones of a former foundry or mill worker who has just been diagnosed with lung cancer or mesothelioma anywhere in Alabama to please call the lawyers at the Birmingham based Environmental Litigation Group at 866-714-6466 for an informative conversation about financial compensation. While most people who have mesothelioma are aware they might be eligible for compensation, most people with asbestos exposure lung cancer are not. Compensation for a person with asbestos exposure lung cancer might exceed one hundred thousand dollars.

The group says, "Alabama is one of the nation's leading states for the production of steel and iron, and it has been this way for generations. Unfortunately, foundry and steel mills were loaded with asbestos and workers at these types of facilities would have had routine exposure to asbestos-especially before the early 1980s. The workers most likely to have had routine

exposure worked in the production areas or they were on a maintenance or repair crew. Supervisors of these types of production-maintenance crew workers might have also had routine exposure to asbestos.

"If your husband or dad has just been diagnosed with lung cancer or mesothelioma and they worked at a foundry or mill anywhere in Alabama please call the Environmental Litigation Group anytime at 866-714-6466. If you want the best compensation for asbestos exposure lung cancer or mesothelioma in Alabama, the lawyers at the Birmingham based Environmental Litigation Group are the people to call." <https://www.elglaw.com>
