(Modern Heart and Vascular)

Dr. Rajiv Agarwal, Cardiologist at Modern Heart and Vascular Institute

residency at UT-Houston Medical School, where he was selected as Chief Resident in Internal Medicine. He then pursued his passion for cardiology by joining the cardiovascular medicine fellowship program at UT-Houston, serving as Chief Cardiology Fellow. His training culminated in a fellowship in advanced cardiac imaging at the renowned Cleveland Clinic. Dr. Agarwal has published numerous articles, presented at national and international conferences, and contributed a chapter to a cardiac imaging textbook.

His expertise includes hypertension, coronary artery disease, congestive heart failure, arrhythmias, valvular heart disease, and preventive cardiology. His commitment to providing comprehensive care extends to advanced cardiovascular imaging and diagnostic testing, ensuring thorough evaluations and customized treatment strategies.

Modern Heart and Vascular offers a full range of cardiovascular services, including preventive care, diagnostic testing, and innovative treatment options. The clinic's focus on prevention helps avoid unnecessary surgeries and medications while addressing conditions such as high cholesterol, coronary artery disease, arrhythmias, and more.

Dr. Agarwal's presence at the Livingston office enhances access to expert cardiovascular care, allowing residents to receive top-quality heart health services closer to home.
